Density at 20 °C	1,023 g/cm ³
Form	liquid
Solubility in water	mixable
pH value	9,5
Boiling point	> 100 °C
Color / appearance	colourless - light yellow
Odor	fruity
Shelf life in original sealed container	30 Monate

Areas of application

For paints, metals, chrome, plastics* and textile materials (upholstery, interior trim, roof lining, footwell mats and trunk mats) in the interior and exterior of motor vehicles.

Application

Spray evenly onto the surface to be cleaned. Additionally treat stubborn dirt with a sponge. Then remove dissolved dirt and cleaner residues with a damp sponge or water jet. Rinse out the sponge frequently if necessary. To clean upholstery, spray a small amount of cleaner onto a damp sponge and rub the upholstery. Rub with a rinsed out sponge. The padding must not be soaked through! **Note:** Do not use on hot surfaces or plastics made of polycarbonate or PMMA. Do not let dry. Always test on concealed areas first if using on sensitive materials. Has a degreasing effect. Prolonged skin contact with the concentrated cleaner should be avoided.
